

## ARCHIVE COMMITTEE REPORT

September 4, 2013

This month has been relatively quiet. I did purchase four picture frames in order to frame some of the pictures of historic house that were on the 200 calendar. They will be hung on the wall in the kitchen.

I also received a message from Jim Searing who wanted some information on the Roeser property - Tax Map No 41-21-6. He was interested in proposing some passive recreation programs for the property owned by the Township.

52-69 → On the 14<sup>th</sup> we were delighted to welcome Marianne Schmieg Gilmour who used to teach in this school. She is moving into a retirement home and downsizing so she gave us a painting of the school house done by Dorothy Young.

On Aug 7 Jim Hill and Frank Lamendola who bought a house on River Road came in to learn more about the history of their home. I copied several pages for them.
