

1. Scholarship process for Solebury School. This is moving ahead with Marnie, the school representative Peter Ammirati (whose Mother is a STHS member) and Robert. We will set up a web based application. thank you Beth!

2. NHSHS CEC was approached and is more than happy to start an Oral History project with their students. Action is for Robert to set up a "how to program" and get it rolling.

3. Elementary School Student Visits to Schoolhouse

Marnie discussed the possible visit of elementary students to the Schoolhouse, but the principle said NO, due to non handicap access etc. She is not giving up on other ways to have small groups not sponsored by the school to visit after school hours.

4. Teacher & Staff meeting at Schoolhouse:

On the other hand the principle told Marnie they would like to use the schoolhouse as a place to have occasional meetings in order to separate them for their day to day.

This fits right into our mission to use the Schoolhouse for community purposes and we should figure out how to best equip the schoolhouse for their use and comfort: i.e.

Conference table, Chairs, kitchen facility.

5. Education Chair turnover meeting:

Robert and Marnie met and reviewed past actions, the 2014 strategic plan for education, and generally who we all work together to pass duties and tasks to Marnie as the winter and spring pass.

6. Actions:

Marnie to discuss possible walks for Spring/summer/fall with Board and select one or two to follow up on.

Marnie to check with Board if we want to do Halloween Solebury Meeting Graveyard tour again in 2014 and if so what date. If Yes, "book" Jessie etc.

Robert to set up Marnie's introduction to History teachers at STHS to set up spring 192d teaching day and theme.

Robert To set up meeting with peter Ammirati and Marnie to review the next plan on Scholarship process.
