CCAHA's Philadelphia Stewardship Program comprising of four grant-funded tracks designed to aid nonprofit institutions in caring for their collections.

Submitted Application on April 24, 2014 for their Collections Management Policies Development Grant

Received response on June 22, 2014: Application was denied:

They recommend reapplying in 2015 and *“strengthening the application, given the limited staffing, by demonstrating further how board members and volunteers would be utilized to follow through on recommendations outlined in the needs assessment.”*

STHS will reconsider resubmitting application in 2015.
