

I spoke with first grade teacher about hosting a schoolhouse program this year at the Elementary School open house. He is enthusiastic and we can definitely get it to happen. I just need to organize it. If anyone would like to sit on this committee and/or participate, please let me know.

I have reached out to NH-S school about internship/community service opportunities. One is just a general "we are always looking for help" notice. the other was provided by Robert about digitizing Ned Harrington's books. I have yet to hear back from them about how to get the info into the students' hands.

I have also been in contact with Matthew Angle, scholarship winner from Solebury School, about photo opp as well as our internship opportunities. I will keep you updated on that.
