

1. Historic Carversville Society (HCS) Board presentation Sept. 29th went well and after all is said and done they gave us the 3-4 interviews they actually have. They were very enthusiastic about our program although one board member was hesitant to share, the majority (90%) wanted to go ahead. We will process the interviews, which are on mp3 discs, slowly.

3. Will Rivinus' interview on the Delaware and Lehigh National Heritage Corridor was done by Jack Donahue and this now needs to be processed.

4. George Yarnell, Gayle Goodman still need to follow up on their doing oral histories. We (and HCS) hope the activity with HCS and posting of these interviews prompt some of they volunteers to do new OH.
