2. National Canal Museum.

a. Excellent progress on spread sheet inventory has been made and will continue into September. Typing by Jane Yates.

b. There are about 17 tapes up on the web site now. NCM archivist is thrilled.

c. We have the signed authorization to share these on our site from NCM archivist.

b. We have screened the final cassettes in their hands and received 6 more plus 3 videos. These are in progress to make into MP3 and MP4 discs. We have hopes to see older New Hope Impressionist artists on the videos, which were made from even older home movies. Work will continue in September and October.

End.
