Hi everyone!

I hope you all had a great thanksgiving holiday! I have received a request from the Vice President over

Michener Art Museum/Andrew Lechman—Permission to use NH-S School District Materials

at the Solebury Township Historical Society, Robert McEwan, (see below) to utilize the exhibition materials and images of your works in your collection for their website. They have a rich resource of historical documentation and collections and this information would support all the work they do at their organization. See below for details.

Please let me know if you are ok with me sharing images of your wonderful works for this purpose.

Thank you!

Best,

Adrienne

Dear Adrienne,

As we discussed STHS is keen to capture all the good research work, photos, catalogue and write ups you and the Michener Arts Museum (MAM) staff have put together on the New Hope- Solebury School art " collection." We would put this on our web site archives which is a steadily growing repository of our paper archives. See soleburyhistory.org. research. Naturally MAM would be fully referenced and thanked for the cooperation.

As the full collection at the museum AND at the High School itself, is not often assembled together, nor is it easy to see at the high school even when it returns there, this archive will allow the public and researchers to see the full impact and your good research on the background stories.

STHS sees this a natural for our local historical society to archive and preserve and we hope you agree!

Cheers,
Robert
